## **TUITION ASSISTANCE PROGRAM (TAP)**

### **Program Information**

Risen Savior Lutheran School (RSLs) recognizes that the cost of Christian education can be a challenge, especially for families with limited income. The Tuition Assistance Program (TAP) is designed to help parents with the cost of this precious Christ-centered training for our youth. The following guidelines are provided to help parents with their application procedures.

#### **Eligibility**

The Tuition Assistance Program is open, by application, to current and newly enrolled students. **A copy of your most recent federal tax form (first two pages of 1040 or 1040EZ) must accompany the application.**

#### **Guidelines for Assistance**

RSLs offers aid based only on need, and all requests are kept confidential. In order to be eligible for the TAP, the student can't be experiencing disciplinary or academic problems. Awards can be denied, reduced, or even revoked for students who violate this premise. Your signed application signifies that you accept these guidelines.

#### **Levels of Support**

The amount of each grant is determined on the basis of need and the funds available for the program. The number of requests for assistance will also affect the amount of individual grants. The amount available depends upon funds available that year from the RSLs Tuition Endowment Fund. An amount equal to 5% of the total dollars in the fund each year will be made available for grants the following school year.

#### **Awards of Grants**

The Tuition Assistance Committee will determine need on the basis of information supplied by the applicants. All applications will receive strictest confidence. The committee will consider applications shortly after the deadline date for application, which is **April 15<sup>th</sup>**. Applicants will receive notice of the committee's decision within two months, by **June 15<sup>th</sup>**. Grants will be credited directly to the recipient's tuition account for the following school year at RSLs.

#### **How to Apply**

1. Enroll your child at RSLs. Have a completed application for enrollment on file.
2. Complete the enclosed application for the Tuition Assistance Program.
3. Attach a copy of your most recent federal tax form to the application.
